

### Curriculum Training

*This session focuses specifically on how to teach phase II of WebPlay as the ICT based sessions in phase III and IV follow the same structure*

#### **Overall Aim of the day:**

For teachers to feel confident about teaching phase II and have an understanding of phases III and IV.

**Resources:** Full teaching plan with extension activities

#### **Learning Objectives:**

- 1. To be familiar with the aims and the outcomes of each phase*
- 2. To be able to navigate the website*
- 3. To be aware of timetabling possibilities*
- 4. To be able to anticipate and solve problems as they arise & to know how to get help/what help will be provided*

#### **Activities include:**

- Review of phase I and problem solving as necessary
- Watch video case study of WebPlay in action in the classroom
- Go through project schedule and highlight key dates
- Navigation of websites
  - Time to free surf
- Planning & teaching a WebPlay lesson
  - Practical demonstration
- How to teach WebPlay with different technical set ups
- Top tips group session
  - Share ideas and concerns with experienced and new WebPlay teachers
- Make contact with other teachers in your WebPlay group
  - In person or via email

- Overview of phases III and IV
  - Information about theatre trip & workshop
  - The WebPlays: what to expect: watch a webplay
- Problem solving
